Coast Highway Proposals Put Before State

Gallagher Feels Cost High, But Urges Land Purchase

While still holding that the proposed \$100,000 price for the Ocean Shore right-of-way in San Mateo county is too high, Supervisor Andrew Gallagher, chairman of the tri-county district, held today that further negotiations are futile.

In the interests of the coastline development, Gallagher believes the price should be paid so that work on the highway may be started.

Chairman Gallagher, in a letter to Earl Kelly, director of the state department of public works, says: "We desire it understood that we do not consider the price we may be compelled to pay, namely the sum of \$100,000 for the 15-20th miles of right-of-way, to be a just price, but we feel that we have negotiated so long and have come to so many impasses that it would be better to pay that price and get the work started."

Would Let State Buy
"We are aware that Col. John Skeggs thinks that the price is high, but I think you will remember that we had a judgment rendered against us by Judge Dooling amounting to \$112,500 for approximately five miles in Pedro Mountain section, and that you will understand that we have reached the end of the road in the matter of negotiations."

"If the state can within the near future buy this right of way cheaper than we can, we would be most agreeable to having it do so, and in turn reimburse the state for the outlay."

"We are being importuned by practically every organization in San Mateo county, and some in San Francisco, to conclude this matter and get work started. It is therefore in this spirit that I write you to let us know at the earliest possible moment what you will do, or will not do, so that we may keep our pledges to the people of San Mateo county."

Three Proposals Made
Three proposals were made by Gallagher:

1-That the state advance \$20,000 on \$250,000, purchasing the right of way of the old Ocean Shore railroad in San Mateo county for \$100,000.

2-That the district buy the 15 miles of the old railroad right of way and turn it over to the state for construction. He suggests that the directors of the district might contribute to construction costs, also with the understanding that the first work would include the Pedro Mountain section.

3-That the district buy the railroad right of way without a contribution from the state, with agreement from the state that it would aid the district in construction.

No statement is made by Gallagher as to what route past or over Pedro Point he considers feasible, although his second of the three alternatives says, "it being understood that the first construction will include set-up of the Pedro mountain section."

Pledge Is Recalled
Gallagher reminded Kelly of a pledge made some years ago when San Mateo county supervisors voted to deny a permit for a Candlestick Point bridge that James Rolph Jr., then mayor of San Francisco, assured San Mateo county that the principal cost of the highway would be met by that city.

Gallagher believes this "solemnly made" pledge must be kept. Gallagher and Manuel Francis, Half Moon Bay supervisor, concur in the letter, but Supervisor George Ley, Santa Cruz, opposes the district assuming the full liability for the building or upkeep of the highway.

Rolph Will Talk From Courthouse Steps February 21

Plans to hold a dinner here February 21 for Gov. James Rolph have been changed and the affair will be held at the Hotel Ben Franklin in San Mateo, it was announced today.

Governor Rolph will talk from the courthouse steps here at 4:30 o'clock that day. He will be escorted up Main street and Broadway by city and county officials, and music will be furnished for the occasion by the high school band.

County Executive Walter Kellogg and Dennis O'Keefe and Mrs. Elsie McGinn are in charge of the reception plans.

CITY ASKS COUNTY AID ON WOODSIDE WIDENING

Appeal to the county of San Mateo to "find" \$10,000 to make possible the widening of the Woodside road within the city limits was made to the San Mateo county supervisors by city officials at Monday afternoon's meeting.

City Councilman Henry Beeger presented the project to the board, and was accompanied by Councilman Charles Lambert, City Manager Ernest Rollison, City Engineer C. L. Dimmitt and City Attorney Albert Mansfield.

Beeger told the board that the city had undertaken \$10,000 worth of improvements on the road in building concrete bridges over a number of street intersections.

He said \$21,000 could be secured from the CWA funds for labor and \$7,000 for materials, if the county could raise the \$10,000 additional which will be needed.

The proposed improvement would be the construction of a culvert inside the open ditch on the east side of the road from Yalota road to El Camino Real. The filling in of the ditch would assure an adequately wide highway instead of the presently narrow and dangerous thoroughfare, Beeger pointed out.

Supervisor John W. Poole, Redwood City, spoke in favor of the proposal. He said the Woodside road was a heavy traffic carrier which brought much trade to Redwood City and San Mateo county.

Supervisor Albert Witt, Colma, said that if the Woodside road secured consideration, he was prepared to argue in favor of similar treatment of Linden avenue, between South San Francisco and San Bruno, which he declared an artery equally important to that area.

County Engineer James S. James, who said Linden avenue "must be brought out of the mud," suggested it might be possible for the county to find \$50,000 if Redwood City could raise the balance.

Upon motion of Supervisor Poole, seconded by Supervisor Manuel Francis, Half Moon Bay, the board referred the proposal to Engineer James and County Auditor Edward Stack for a report as to possible county funds which might be available.

Ex-Menlo Park Student Made Texas Bishop

Father Robert Lucey Given Amarillo Bishopric

The Rev. Robert Emmett Lucey, rector of St. Anthony's Church, Long Beach, who studied for the ministry at St. Patrick's Seminary, Menlo Park, today was named bishop of Amarillo, Tex., according to a United Press dispatch from Vatican City.

The Rev. Father Lucey is widely known in California for his activities as a welfare worker.

Father Lucey, who is 41, was named to the state board of charities seven years ago by Gov. Friend W. Richardson. He resigned last year.

He was born in Los Angeles. In 1916 he was graduated from the North American College in Rome with the degree of doctor of sacred theology. He returned and studied for the ministry at Menlo Park.

In 1925, he was made chaplain of the Newman Club of the University of California at Los Angeles.

Father Lucey went to Long Beach May, 1929, from St. Kevin's Church of Los Angeles, to succeed Rev. John J. Hegarty, now dean of the San Diego and Imperial Valley dioceses.

The Rev. Moses Kiley, spiritual advisor to the American College at Rome, was appointed bishop of Antioch, N. J., by Pope Pius, and the Rev. William O'Brien, of Chicago, today was named titular bishop of Calinda and auxiliary to Cardinal Mundelein.

Anniversary Observed
VATICAN CITY, Feb. 12 (UP)—The 12th anniversary of the pope's coronation was observed today with an imposing ceremony at St. Peter's.

Eighteen cardinals were present at pontifical high mass after Pope Pius had received their homage in the vestment hall of the palace.

He assumed his pontifical robes, with the rich mantle of red and gold over it, and was carried in his throne chair to St. Peter's. Bishops Thomas J. Walsh of Newark, N. J.; Thomas C. O'Reilly of Scranton, Pa.; and Charles D. White of Spokane, Wash., were present.

Housewife Finds Fire Truck Busy In Own Backyard

MENLO PARK, Feb. 14.—"The fire truck must have gone by already," Mrs. Martin McCarthy of Oak Grove avenue commented late yesterday when she rushed out from her home as she heard the fire siren and then couldn't see the truck up the street.

But she was wrong—as she found out a moment later for the fire truck was in her backyard. The firemen were hard at work to extinguish a blaze in her garage.

The fire was reported from the West Coast Military Academy across the street, while Mrs. McCarthy herself, sitting in her front room, was ignorant of it.

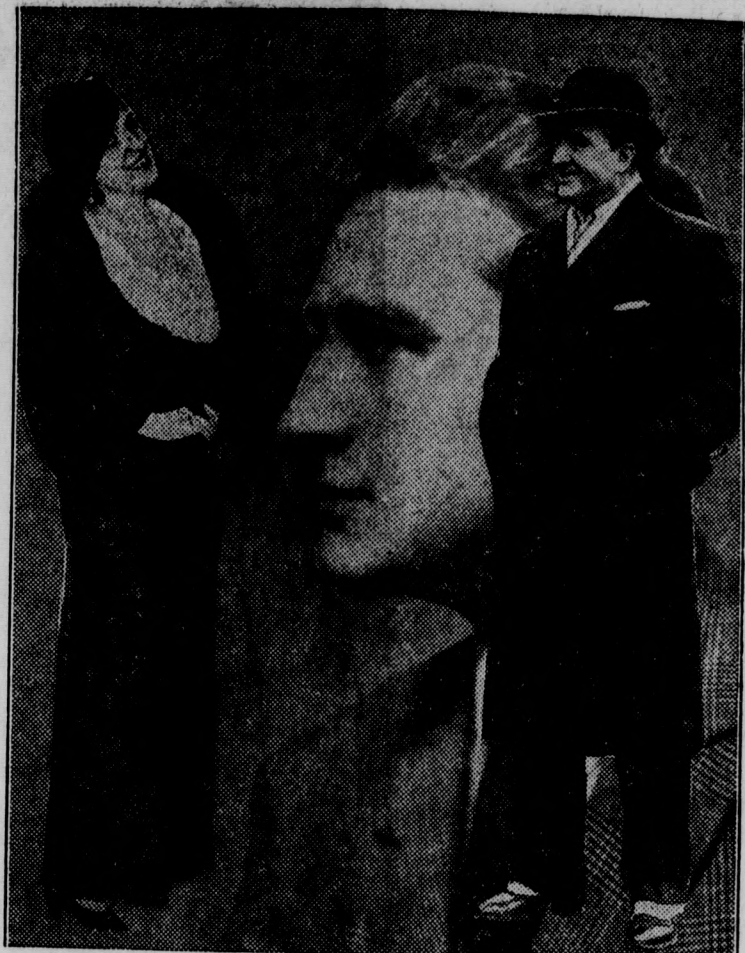

Approximately \$100 damage was done by the blaze. The Menlo Park department pulled the McCarthy automobile from the burning garage.

Mrs. Katherine Lera Gets P. O. Position

Civic Leaders Open Drive To Aid Scouts

Civic and business leaders of Redwood City, Menlo Park and Woodside gathered at breakfast on Monday to complete plans for the annual budget drive of the Boy Scouts in Southern San Mateo county, which starts tomorrow morning.

The southern section has pledged to raise its quota in the minimum amount needed to carry on the scout program throughout the county for the coming 12 months. The Redwood City committee is planning to raise additional funds in the drive to aid the local troops during the present year.

Guy R. Kennedy, general chairman of the southern district drive committee, in summing up the prospects at the "kickoff" breakfast, called attention to the fact that the Boy Scout organization makes no distinction of race or creed.

"It is a movement in which we may all join without regard to religious or political persuasions, remembering only that this great organization is one of building character and strong bodies in the boys who are to be the citizens of tomorrow."

"The record of the council for the past year has been unusually fine and we most heartily invite the entire community to back this drive to the limit."

"To support the Boy Scout movement is a civic and social duty of every man and woman of the county."

Subscriptions to the Boy Scout drive can be forwarded to Box 96, Redwood City.

Mayor's Proclamation
Mayors of San Mateo county today gave their endorsement to the Boy Scout drive. Mayor W. J. Duval of Redwood City issued the following call to citizens of the community:

"Business leaders of our community will start tomorrow the annual drive for funds to support the Boy Scout movement in San Mateo county. Here in Redwood City we are conducting our own campaign. As mayor of Redwood City I wish to express not only my personal interest in the success of the drive but also the hope that every individual will take an active interest in the campaign and contribute as liberally as possible in accordance with his or her means."

"It is unnecessary for me to point out the aims and objects of the Boy Scout movement. There is no more splendid movement in America than that which trains boys to become better citizens. It is our duty to support this great organization, which has such high ideals."

DIVORCE GRANTED

Mrs. Marian S. Christie today had been awarded a final decree of divorce from James W. Christie by Superior Judge Maxwell McNutt. She was also given custody of their son, Richard, and \$30 a month for maintenance.

Supervisor John W. Poole, Redwood City, suggested that the board revise the CWA projects already approved, picking out the most important ones, as many of them were of little value.

Two colossal idols found on the island of Raevava, south of Tahiti, were used as ballast for the ship Denise, wrecked on the island and re-floated.

CHRISTENSEN, FLETCHER EVA IN COUNCIL RACE

Three entirely new faces appeared in Redwood City's political life Monday with the announcement that a "New Deal" ticket would enter the April 9 city council election.

Louis C. Christensen, retired tobacco dealer, of 324 Hopkins street; James M. Eva, instructor in the Sequoia Union High School, of 146 Iris street, and E. A. Fletcher, insurance broker, of 628 Iris street, are the candidates.

Christensen has resided in Redwood City for the past eight years and owns considerable property here. He has never held public office. Memberships held by him in city organizations include the Eagles and the Redwood City Chamber of Commerce.

Eva has resided in Redwood City for the past 29 years. He was graduated from the old Redwood City grammar school, Sequoia High and Stanford University, majoring in political science at Stanford.

At present he is an instructor at Sequoia, where he teaches social problems, community service and California history. He has never held public office.

Eva is a member and past president and now district governor of the Exchange Club; holds membership in the Masonic lodge, and is president of the Menokirk Club.

Fletcher has been a resident of Redwood City since 1927. He was organizer, secretary and president of the chamber of commerce at Rankin, Tex., before coming here. Fletcher is president of the Redwood City Eagles.

Among those sponsoring Fletcher's candidacy are Henry Witt, Margaret Chapman, Percy Long, C. M. Duxee, L. C. Rowan and Emmett Main.

Using a "New Deal" as their slogan, the candidates announce a policy of intending to make Redwood City "attractive to new people."

The group asserts that "Redwood City's officials have maintained a conservatism which has amounted to reaction and have permitted the city to grow without official backing."

It is asserted by the candidates that the city has not made the progress which should have been made with its unsurpassed climate and geographical setting.

Quick transportation, widening of El Camino Real within the city limits and provision of recreational centers and facilities within Redwood City are given as the immediate needs to which this group will give its attention.

Improvements such as these, the candidates declare, can be provided at this time without the necessity of paying as much for the land as at some future time.

The candidates declare that they "will make a vigorous campaign in which issues and not personalities will be the selling points."

Nomination papers will be filed at the city hall tomorrow.

Offices sought by the new candidates are those of Mayor William J. Duval, and Councilmen Henry Beeger and Charles Hildebrand, whose terms expire.

Postmistress At San Carlos To Keep Job

Reports that Mary K. Davis, San Carlos postmistress, was to be removed in favor of a successor under the "spoils" system, was declared today to be unfounded.

Mrs. Davis has held the post since November 3, 1925.

Both Vice-President John Garner and Congressman John J. McHugh have replied to John E. Cowgill, San Carlos councilman, that no changes are contemplated at San Carlos.

E. R. Garner, secretary to the vice-president, reported to Cowgill that no protests have been received in Washington against Mrs. Davis.

"She received an excellent rating on the civil service examination and her term of office will not expire until January 9, 1935," the secretary wrote.

Congressman McHugh reported "as far as I am concerned there has never been a suggestion of a rumor that she is being removed."

"In my opinion," he wrote, "she is giving excellent service and I have received many letters commending upon her efficient service."

Cowgill, in advocating civil service for postmasters of the second and third classes, declared in his letters that political affiliations should not determine the fitness of postmaster candidates.

Two colossal idols found on the island of Raevava, south of Tahiti, were used as ballast for the ship Denise, wrecked on the island and re-floated.

On her cross-complaint to a divorce suit filed by Brenton Werder, Mrs. Alma Werder had been granted an interlocutory decree of divorce today by Superior Judge Franklin Swart. She was also given the right to resume her maiden name, Alma Fisher.

183 Sign Roll To Form Unit In This City

Mrs. J. E. Morrish Is Elected First President

Organization of the Sequoia Union High School Parent-Teachers' Association, the largest single unit in San Mateo county, was effected here yesterday afternoon with 183 signing the charter role.

Mrs. J. E. Morrish of Redwood City was elected president, and Mrs. J. J. Garland, who is president of the Seventeenth District of the California Congress of Parents and Teachers, was elected as the first vice-president. The other officers were as follows: Mr. A. C. Argo, second vice-president; Mrs. B. D. Ralston of Woodside, recording secretary; Mrs. J. M. Edling of San Carlos, financial secretary; Mrs. Max Leonard of Redwood City, corresponding secretary; Mrs. E. F. Philbrick of Menlo Park, treasurer; Mrs. Robert Garcia of Ravenswood, historian; Mrs. L. A. Barrett of Belmont, auditor; and Mrs. E. L. Kilbourne of Redwood City, parliamentarian.

The association believes it has a strong set of officers, as the nominating committee recommended officers with successful experience in Parent Teachers Association work in their local elementary school districts. The nominating committee was composed of Mrs. W. I. Steele of Redwood City, Mrs. E. R. Burton of San Carlos, and Mrs. Victor Lightbody of Menlo Park.

The organization was formed under the direction of state and seventeenth district officers. Mrs. Garland, district president, advised and directed the organization; Mrs. E. L. Holdrege, vice-president of the Seventeenth District, in charge of extension, was the temporary chairman; Mrs. J. R. Spann, state chairman of life membership, was the temporary recording secretary; Mrs. E. F. Philbrick was the temporary treasurer; and Mrs. F. A. McManis, district parliamentarian, acted in this capacity. Officers were installed by Mrs. L. G. Owens, trustee of the San Mateo Secondary Schools and first president of the Seventeenth District.

Miss Victoria Russell of Belmont presented the organization with a block and gavel made from her own trees.

Argo Extends Welcome
The principal, A. C. Argo, on behalf of the teachers of the school, extended a welcome to the parents and friends and assured them of the cooperation of the faculty of the school if an organization were formed.

He also pointed out the various services the organization could render toward education in general and the boys and girls of Sequoia in particular.

Mrs. Garland explained the program of the organization and the very valuable services it had given the boys and girls throughout the United States since its organization. She emphasized the great need for service now in the cause of education.

Mrs. E. R. Burton of San Carlos and Mrs. C. R. Scott of Los Lomas told of the work the Parent-Teachers Associations were doing for the elementary schools in the communities in which they live. Mrs. Morrish in her inaugural address placed great emphasis on a harmonious organization and cooperating with the school in working for the welfare of the boys and girls.

It was decided to hold regular meetings on the second Thursday of each month at 2:00 p. m.

Camp Workers Lose Jobs Over Arrest

After spending two days in the county jail, four men facing charges of disturbing the peace at the state labor camp in the San Mateo County Memorial Park were released last night to the custody of County Fire Warden Bert L. Werder, one of the arresting officers.

Charges against the four were not pressed, but they were discharged from the camp for being intoxicated and having liquor in their possession at the camp, Werder reported.

The men are John O'Neill, 53; Joseph Barry, 56; Roger Cashman, 57, and James Smith, 43.

Menlo Park

Judge Hoss of this city is receiving the sympathy of the people of Menlo Park in the death of his brother, Hal E. Hoss, secretary of state of Oregon since September 24, 1928. He was 41 years of age.

Mr. Hoss was appointed to the position he held at the time of his death while he was serving as secretary to the late Governor I. L. Patterson. He had been elected twice. Prior to serving as secretary to Governor Patterson, Mr. Hoss had been manager of the Oregon City Enterprise, a daily newspaper published at Oregon City, Ore. A widow and four children survive.

For some years before coming to California Judge Hoss was associated with his brother in the management of the Enterprise.

The deceased would have been a candidate for governor or Oregon, had he lived. He was well known as an able orator and debater.

Mrs. Charles P. Parsons has returned to her home on Robie avenue, Menlo Park, to complete her convalescence after several weeks in the St. Francis Hospital, San Francisco.

Mr. and Mrs. Ewing Bone of Pleasanton passed the week-end in Menlo Park with the former's parents, the Rev. and Mrs. W. L. Bone.

Menlo Park's plan to close its council Tuesday night when at the end of extensive discussion Mayor W. H. Weeden directed that a proposed business closing ordinance be "received and filed."

The ordinance, presented by City Attorney George K. Whitworth at the direction of the councilmen, would have closed all business in Menlo Park between 11 p. m. and 5 a. m. with the exception of hotels, boarding or lodging houses, taxi stands, garages, service stations, theatres, regularly licensed dance halls, telephone office, undertaking establishments and transportation and doctors' offices.

After difficulties rising in the exceptions provided had been raised and a petition signed by 71 merchants opposing the plan had been presented by Jean B. Hoss, Councilman E. H. Hart moved that it be dropped.

Councilman E. J. Crane moved that the ordinance be amended slightly and be adopted, declaring that he wanted to be on record for it.

Councilman W. E. Dale would second neither motion but was of the opinion that the matter should be laid over. As no second to either of the motions could be obtained in the absence of Councilman A. H.

Anderson, Mayor Weeden ordered the ordinance "received and filed." In the discussion Councilman Crane declared that the ordinance had been brought up to prevent Stanford from declaring the city dry under the mile and a half provision in state penal code. City Attorney Whitworth pointed out that the only way to get at the liquor stores was to adopt an ordinance covering all businesses.

For a second time last night the council could arrive at no definite decision when it considered the application of the Blue Moon dance hall to operate a mid-week dance each week. Councilman Hart moved the permission be granted; Councilman Dale announced he was not in favor of it; and Councilman Crane suggested that it be given more consideration. The application was then laid over.

Four bids were received from automobile dealers for a new police car. After some discussion this matter too was continued for further study. Declaring that he had ridden with Police Chief Thomas J. Kearney in the present police car while chasing speeders, Councilman Crane asserted that it is "not right to make the chief risk his life in the present car chasing speeders."

D. E. O'Keefe was reappointed for a two-year term as Menlo Park's representative on the board of the Pulgas Mosquito Abatement District.

J. W. Ryan, city treasurer, in a communication to the council requested the appointment of his wife as deputy treasurer at \$15 a month because of the extra work put upon his office because of correspondence concerning the bonds for the various improvement districts in the city.

Menlo Park's plan to build a new city hall from PWA funds was declared by City Attorney Whitworth to be a "closed subject." He reported that the ruling of PWA officials was that lease contract plan, under which the city proposed to act, was not acceptable.

Cracks Found
In Outer Walls
Of BuildingOpen Wiring Declared
Dangerous, Survey
To Be Made

Earthquake and fire hazards exist at the Ravenswood school plant, County Building Inspector William Watson Jr. today had reported to school officials of the Southern San Mateo county district.

Watson has advised Paul Lyman, one of the school trustees, to request the diversion of architecture of the state of California to make a thorough survey of the whole school plant.

The county building inspector, in an examination made at the request of the division of architecture that rules and regulations governing the safety design for construction of public school buildings in California are not met at the Ravenswood school.

Cracks of considerable size have been found in the brick walls of the original building, the result of settlement of the foundations, Watson reports. This has created a condition in the auditorium which might cause the roof of the structure to collapse in the event of an earthquake, he reported.

Excavations for new portions of the building have been made below the foundation, exposing the earth footing, which is crumbling away, he said.

Electrical wiring of the school building was found by Watson to be of the "knob and tube" type instead of rigid conduit. This condition is found particularly hazardous in the manual training department, he said.

The unprotected wiring creates both a fire hazard and danger of electrocution in the event of a broken wire, Watson reports.

A committee of the North Palo Alto Residents' Club will meet with the school board Monday to discuss the situation.

Local Burglar's Prison Sentence Set for 5 Years

Charles Sherman, who with Charles Lamar burglarized the Reinhard jewelry store of rings and watches valued at \$5,200 and the J. C. Penny Company store of a small quantity of clothing on October 20, 1932, must spend five years in San Quentin on his second degree burglary conviction. Notice of the determination of his sentence was filed today with County Clerk Elmore B. Hinman here by the state board of prison terms and paroles. Lamar's term previously had been set at seven years.

The two men were nabbed by the Redwood City police shortly after they had broken into the two local stores. The loot was found in their possession. They were sentenced on November 3, 1932.

Supervisors Will Conserve Relief Bond Remainder

(Continued from Page One)

The proposals could not be carried out under the limited funds, he said.

Traffic Is Factor

Poole suggested building only those roads most needed from a traffic standpoint. Engineer James replied that this was a consideration given to the proposals which had been approved.

Six new projects, presented by the San Mateo CWA board, were given the approval of the supervisors. These will cost \$22,914.

Included in the list were sums of \$15,275 and \$3,000 for giving employment to women in sewing for the relief of the needy.

Request of property owners of the area lying between Redwood City and Woodside along the Woodside road for a zoning study to protect the residential character of that district was referred to the county planning commission.

Protest of Dr. E. K. Walter of Montara that the roads in the Montara district were in poor shape was ordered answered by the board with the statement that Engineer James was doing work on the coastside and would probably be able to help the Montara situation.

Engineer James notified the board that he was at a loss to know where to place the additional stop signs ordered for the vicinity of the Garfield school on Middlefield and Semi-circle roads.

James said he had conferred with Max Thornton, principal of Garfield, and had been informed the signs were adequate.

Supervisor Poole disputed this, and said the North Fair Oaks Improvement Club wanted additional protection at the street crossings. James said he would carry out the board's wish as soon as the request is made clear.

Jack Wheeler, of Brisbane, asked the board to approve the installation of stop signs in the Brisbane school district. This matter was referred to the district attorney for preparation of the proper ordinance.

Mrs. Ella Chase of Lomita Park asked what the board had done in the matter of removing the offices of Dr. Harold Morrison, county health officer, from the County Hospital to Redwood City. Chairman Thompson stated that the removal had been ordered.

Mrs. Woodman's Will Is Filed With Court

Issuance of letters testamentary for the estate of Mrs. Alma E. Woodman of Redwood City, who died on February 4, are asked in a petition filed with the superior court today by J. B. Robinson, who is named executor in her will. The estate is valued at about \$10,000.

The heirs are listed as Dorothy Woodman Gould of Redwood City, granddaughter; Eugene Gibson of Redwood City, grandson; Alice Rocco of Redwood City, James B. Robinson of San Francisco, Blanche Beebe of Redwood City, Mabel Woodman Jorsch of Redwood City, step-daughter, and Kathryn Francis Gould of Redwood City, daughter.

W. Y. Walsh is attorney for the petitioner.

SCHIMPF'S VISIT IN OAKLAND

BREMER POSES AFTER RELEASE

This was the first picture taken of Edward G. Bremer, St. Paul banker, after his return from 22 days in the hands of kidnapers who collected \$200,000 ransom. Sent to bed for many hours after his release, he is shown resting at the home of his father, Adolph Bremer, wealthy brewer. (Associated Press Photo)

Brisbane Must Solve Own Sewer Problems

The unincorporated area of Brisbane must solve its own sewer problem, District Attorney Edmund Scott had informed the board of supervisors today in response to a query from Supervisor Albert Witt who had provided for temporary repairs there.

Scott said that the community should form either a sanitary or a maintenance district to raise funds to meet the sewer needs.

County Engineer James S. James said a bore under the Bayshore highway and a right of way east of the road were the two most pressing phases of the problem.

GIUSTI GETS LIFE TERM; KISSES HAND OF JUDGE

Umberto Giusti, 37, former Hollywood operatic impresario, who was convicted by a jury here Thursday on a charge of first degree murder, kissed the hand of Superior Judge Franklin Swart today as he was being sentenced to life imprisonment.

Giusti extended his hand to Judge Swart as if to wish him goodbye. When the court did the same, Giusti took the judge's right hand into his own and kissed it. Giusti made no audible sound during the incident.

Judge Swart told the defendant in sentencing him to life that he "had no alternative" except to sentence him to prison "for the rest of your natural life." This was the jury recommendation. He was convicted for the slaying of his sweetheart, Miss Emilia Da Prato, 27, South San Francisco singer.

Giusti will be taken to San Quentin by Sheriff James J. McGrath and Undersheriff Lawrence Nieri tomorrow.

The couple married in 1915 and separated in October, 1931, according to the complaint. Mrs. Orth requests that she be granted the custody of their children, Armand, Rafael, Maria and Emma Orth. A. J. Scampini of San Francisco is the plaintiff's attorney.

\$231 Sum Raised For Boy Scouts In Local Drive

A total of \$231.00 was subscribed the first day of the Boy Scout drive for funds in Redwood City, according to Guy R. Kennedy, chairman of the local committee, in his report today.

Eighteen businessmen were assisting in the campaign here to raise the necessary money to aid in carrying on the Scout activities during 1934.

Atherton, Menlo Park and Woodside also have their workers and the reports from the entire district are most encouraging, according to Chairman Kennedy, who hopes to complete the drive and reach the quota for the southern section of San Mateo county within the allotted time of ten days.

Chairman Kennedy announced that the local American Legion post, one of the sponsoring bodies of the Scouts, at its meeting Monday night, named a committee of 10, with Fred Blase as chairman, to carry on a house to house canvass of the residential district on Friday and Saturday of this week in the interest of the campaign.

Chairman Kennedy announced the following contributions for the opening day of the drive: Kincaid and Fitzpatrick, George Gray, Redwood City Tribune, J. C. Penny Co., Judge George H. Buck, H. C. Tuchsens, Mrs. Sumner Hardy, Main Service Station, Mrs. D. W. Williams, Washington School, R. C. Hotel Co., B. E. Myers, John Layng, Charles G. Lambert, John Gill, Miss Cora Clute, Mrs. Alma E. Dean of Coast Bookmen Dies At Palo Alto

Home Is Maintained Here By Publisher For 30 Years

Known as dean of book authorities on the Pacific Coast, Alexander Mitchell Robertson of Redwood City passed away at 1 o'clock on Monday at the Palo Alto Hospital after an illness of a month.

A resident of this city for 30 years, Mr. Robertson was in his 80th year, expecting to observe his 80th anniversary in April, when death quietly intervened.

For fully 60 years he had engaged in bookselling and publishing at his pioneer shop in San Francisco and during that period had enjoyed intimate friendships with some of California's most famous authors—Charles Warren Stoddard, Ambrose Bierce, Jonquin Miller, Bret Harte, Mark Twain, Daniel O'Connell, Edwin Markham, Herman Scheffauer, Christian Binkley, George Sterling, and many others. Among the works he published were books by Dr. David Starr Jordan of Stanford University and Luther Burbank.

As a publisher of priceless first editions Mr. Robertson was without peer in the West. Among his famous "firsts" is Edwin Markham's "Man With the Hoe."

The Robertson residence at 909 Jefferson avenue, an old landmark of this city, had been home to the beloved publisher since 1909.

As a youth of 12, just graduated from the old Lincoln Grammar School in San Francisco, Aleck Robertson first gained his love for books. He worked in Beech's bookstore, founded in 1856 and taken over in 1875 by Billings, Harbon & Co., of which Robertson was the "company."

After seven years of mining in Arizona and New Mexico, he returned to San Francisco to buy out the firm as Pierson & Robertson in 1888, and in 1899 he became sole owner of the shop, then at 126 Post street.

Burned out in the 1906 fire, he conducted the business on Van Ness avenue for a few years and was the first to rebuild at the present location adjoining Union Square at 222 Stockton street after the fire.

Until his final illness Mr. Robertson was active in the management of his bookshop. He had a host of friends, many of them gained in nearly 45 years of membership in the Bohemian Club. He was a founder of the Lincoln Grammar School Boys' Association, which is holding an empty chair at his place at its annual reunion tonight.

The publisher came from pioneer stock, the son of William D. Robertson, a Highland Scot, who first came to California in 1849. The son was born in Hamilton, Ont., and came with the family to the Sheba mine at Star, Nev.

In 1882 he was married in Castroville to Miss Jane Mayers, who survives. There are three children, Mrs. Roger Olmstead of San Francisco, Dr. Margaret Robertson Sperry of Connecticut, and Harry Robertson of this city, who is carrying on the business.

In his private collection are books and paintings by famous Californians, and the walls of the home here are covered with sketches of California scenes, many of them bearing well known autographs.
